The NSW Government has funded the Gateway to the South bus improvements program, which aims to improve bus reliability on southern Sydney’s main bus corridors.

**What is happening?**

Transport for NSW will be implementing some bus stop changes on Gibson Avenue and Ryan Road in Padstow from 17 August 2020 to improve bus reliability and on-time running along the Miranda to Bankstown via Menai and Padstow bus corridor.

The bus stop changes will include removing some bus stops identified through community consultation, as well as upgrading the adjacent bus stops that bus customers will now use as a result of the bus stop removals. The bus stop upgrades are being carried out to comply with accessibility standards in accordance with the *Disability Discrimination Act 1992*.

How will this work affect you?
Our work may be noisy at times in some locations but we will do everything we can to minimise its impact, including completing noisier tasks by midnight.

Driveway and footpath access to properties will be maintained at all times. A temporary relocation of bus stops may be required during works and bus customers will be redirected by site personnel during this time.

During the work, there may be temporary traffic changes to ensure the work zone is safe. Any lane closures required will occur outside of peak traffic periods when traffic volumes are lower to minimise disruption to road users. Please keep to the speed limits and follow signs and traffic controllers’ directions.

Project Outcomes
Key outcomes of the bus stop changes include:

• making travel times more reliable for bus customers
• improving the safety of all customers and motorists
• contributing to the NSW Government’s target of 95 per cent on time running bus services.

Our work schedule
Our works will take place from 17 August 2020 to the end of September 2020, weather permitting.

Our day work hours will be between 7am to 5pm from Monday to Friday and 8am to 1pm on Saturdays.

If the works need to be carried out at night due to traffic conditions our night work hours will be between 8pm to 5am from Sunday to Friday.

Work will not be carried out on public holidays.
