Road work on Canterbury Road, Bankstown
Transport for NSW | August 2020

From Sunday 16 August 2020, Transport for NSW will be repairing concrete and asphalt on Canterbury Road, Bankstown.

The work will take place between mid-August and late-November for up to 16 night shifts and involves repairs to the surface of Canterbury Road between Mavis Street and Clements Avenue.

Our aim is to provide a smoother road surface, prevent or minimise damage to roads from weather, wear and tear and to increase safety.
Engaging with the community

To ensure we protect public health and safety during the Coronavirus outbreak, we need to change the way we consult with the community.

Please be assured we will continue to respond to any questions or concerns you may have about our work.

How will the work affect you?

Our work needs to be carried out at night to minimise traffic disruption and reduce safety risks to the workers and motorists.

It may be noisy at times but we will do everything we can to minimise its impact, including completing the noisier tasks such as jack hammering and saw cutting by midnight.

We will be working up to five nights per week, allowing us to reduce the overall length of our work and limit the impact on the local community.

Are you studying for the High School Certificate?

We are planning our work schedule and would like to know if there are students living in the area who will be sitting the Higher School Certificate (HSC) examinations in 2020. If a member of your household is studying for the HSC, please advise our delivery partner, Ventia Boral Amey by Friday 14 August.

Traffic changes

There will be temporary traffic changes during our work hours to ensure the work zone is safe.

Please keep to speed limits and follow signs and traffic controllers’ directions. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

The NSW Government is carrying out this essential work as part of ongoing maintenance of the State road network.
