Rescheduled maintenance work on Canterbury Road in Canterbury and Campsie

Transport for NSW | July 2020

Transport for NSW has rescheduled road maintenance work on Canterbury Road, between Berna Street, Canterbury and Chapel Road, Campsie.

The work to seal cracks and joints in the road pavement was originally scheduled for early-July, but was delayed because of other work in the area.

The work will now begin on **Sunday 26 July 2020** (weather permitting) and is expecting to continue **until late-August**.

How will the work affect you?

Our work needs to be carried out at night to minimise traffic disruption and reduce safety risks to the workers and motorists.

Work will be carried out up to five nights per week in order to complete the work as quickly as possible and reduce the impact on motorists and the community. We will stage night work so that you will not be affected for more than two nights a week.

Our work may be noisy at times, but we will do everything we can to minimise its impact.
Engaging with the Community

To ensure we protect public health and safety during the Coronavirus outbreak, we need to change the way we consult with the community.

Please be assured we will continue to respond to any questions or concerns you may have about our work.

Traffic changes

There will be temporary traffic changes during our work hours to ensure the work zone is safe.

Please keep to speed limits and follow signs and traffic controllers’ directions. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

The NSW Government is carrying out this essential work as part of ongoing maintenance of the network.
