HERBERT CRABTREE RESERVE / WALSHAW PARK, BASS HILL
Ground Remediation and Associated Services

We would like to inform you of work being undertaken in Herbert Crabtree Reserve/Walshaw Park, Bass Hill (see map on reverse side).

Work being undertaken:
- Clear debris and hazardous materials from the reserve ground for future tree plantation
- Scrape the ground in discreet areas to remove any hazardous materials buried underground and expose natural soil
- Hygienist’s Certificate of Clearance

Timing
Work will commence in early June and is anticipated to be completed in July 2020 – weather permitting.

Altered conditions
Access to the reserve will be closed to the public during the work. We apologise for any inconvenience.
