Road work on Canterbury Road, Lakemba and Belmore

Transport for NSW | July 2020

The NSW Government is carrying out this essential work as part of ongoing maintenance of the State road network.

From 12 July 2020, Transport for NSW will be repairing concrete and asphalt on Canterbury Road, Lakemba and Belmore at the intersection with Chapel Street.

Our maintenance work aims to:

- provide a smoother road surface
- prevent or minimise damage to roads from weather and wear and tear
- increase safety
- provide consistent driving conditions
- reduce maintenance costs.
Engaging with the Community

To ensure we protect public health and safety during the Coronavirus outbreak, we need to change the way we consult with the community.

Please be assured we will continue to respond to any questions or concerns you may have about our work.

How will the work affect you?

Our work needs to be carried out at night to minimise traffic disruption and reduce safety risks to the workers and motorists.

It may be noisy at times but we will do everything we can to minimise its impact, including completing the noisier tasks by midnight.

To minimise disruption to residents, businesses and road users, we will not work more than two nights in any week, or more than six nights in one month.

Traffic changes

There will be temporary traffic changes during our work hours to ensure the work zone is safe.

Please keep to speed limits and follow signs and traffic controllers’ directions. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
